The canyon walls are high and rugged, with a warm, golden-brown hue. In the background, other people are visible on the rocky shore of the pool.

LANDSCAPES — IT'S THE BALANCE
BETWEEN ADRENALINE, AUTHENTICITY,
AND ANCIENT CULTURE.

TRAILS THROUGH TIME

Hiking in Jordan is more than just a walk in nature — it's a journey through deep time. From the green ridges of Dana to the lost paths behind Petra, every trail reveals stories etched in stone.

DANA TO WADI AJLOUN
PETRA GHUWAIIR TRAILS

Whether you're an experienced trekker or just starting out, Jordan's trails offer something rare: solitude, silence, and history underfoot.

CANYONING

JORDAN'S WILD WADIS

There's nothing quite like canyoning in Jordan. Here, nature carved its masterpieces over thousands of years — creating winding slot canyons, waterfalls, natural pools, and narrow corridors where sunlight dances on the sandstone walls.

WADI MUJIB: Jordan's iconic canyon, open from April to October

WADI HIDAN: Wilder, Darker, and less traveled

WADI MUKHAIRES OR ZARQA MA'IN:

Stunning seasonal routes

Whether you're swimming, sliding, or rappelling, canyoning in Jordan is immersive and adrenaline-packed. You don't just observe nature — you move through it, climb into it, and flow with it.

JORDAN'S VERTICAL PLAYGROUND

Few places combine beauty and silence like Jordan's cliffs and domes. From desert towers to granite slabs, this is where climbers and scramblers come to test themselves — and reconnect with nature.

It's not just about the ascent — it's about the quiet, the focus, and the surreal feeling of standing above the desert with nothing but the wind around you.

C Y C L I N G JORDAN'S BACKROADS

Jordan is a cyclist's dream — wide desert roads, mountain passes, and quiet villages strung together by scenic routes. Whether you're an avid rider or a weekend explorer, the open landscapes offer both challenge and reward.

TOP ROUTES:

SHOBAK TO LITTLE PETRA: Rugged climbs, sweeping plateaus, and Bedouin stops

PETRA TO WADI RUM: Remote, mostly downhill ride through Mars-like terrain

MADABA to DEAD SEA: Ride from mosaics to salt shores with epic switchbacks

This is not urban cycling. This is a journey where you feel the terrain, connect with the people, and earn your views.
